Deviation from earlier announced expectations

At their meeting today, the preliminary accounts for 2012/13 was presented to Roblon's Board of Directors.

On that background, the Board now expects a turnover of DKK 267 million and a profit before tax in the interval of DKK 50-52 million. At the latest interim statement a turnover in the interval of DKK 248-260 million and a profit before tax in the interval of DKK 38-44 million was expected.

The preliminary statement will be published on January 9, 2014 as earlier announced.

Best regards
Roblon A/S

Klaus Kalstrup
Chairman of the Board
