

Company announcement from Vestas Wind Systems A/S

Aarhus, 6 June 2014
Company announcement No. 23/2014
Page 1 of 1

Vestas receives orders for a total of 158 MW in Turkey

Vestas has received three firm and unconditional orders for a total of 158 MW under the EnBW/Borusan framework agreement.

Additional information about the project:

Customer:	Joint venture between German EnBW and Turkish Borusan
Project names:	Mut, Harmanlık and Koru RES wind power plants
Location/Country:	Near the cities of Mersin, Bursa and Çanakkale, Turkey
Number of MW:	158.4 MW
Number of turbines/turbine type:	48 V112-3.3 MW turbines
Contract type:	Supply-and-installation
Contract scope:	The orders include supply, installation and commissioning of the wind turbines, a VestasOnline® Business SCADA system, as well as a five-year full-scope service agreement (AOM 4000) for all three projects.
Time of delivery:	Delivery of all three projects is expected to occur in the fourth quarter of 2014 with expected commissioning in the second quarter of 2015.

Total year-to-date announced order intake in MW: 1,790 MW, (see overview at vestas.com/investor).
