1 VWAPcum = volume weighted average price at the day prior to the Ex-day (8 decimals are used)

2 Contract Size for Binary options will not be adjusted

DIV= Dividend

New exercise and forward/future prices have been rounded off to two decimal places and received an "X" in the series designation. As a result of the adjustment the number of shares per contract has increased to 105 after rounding to the nearest full shares, whereas exercise and forward/future prices have decreased.

The series will also receive new ISIN-codes which will be published in a separate exchange notice later today. The rounding off of forward prices was made “trade by trade” and not on the net position.

*Members are encouraged to ensure that clients are aware of the above-mentioned adjustment.*
