

Net Insight signs reseller agreement with Nera Telecommunications Ltd in South East Asia

25 March, 2009

Stockholm, Sweden - Net Insight today announced a partnership with Nera Telecommunications Ltd ("NeraTel"), one of the leading premier solutions providers for Transmission, Satellite Communications and Infocommunications.

Under the non-exclusive business partner agreement, NeraTel will distribute Net Insight's Nimbra products in the South East Asian market. NeraTel will be actively promoting Net Insight's multi-service media transport products as part of turnkey solutions for IP and Media applications for broadcasters and service providers in the region.

"Being a leading system integrator for digital TV and mobile TV networks in the region, we find that Net Insight's Nimbra state-of-the-art technology is a good complement to our existing product offering in the broadcast and media distribution markets" said Samuel Ang, President & CEO of Nera Telecommunications Ltd. "We believe the partnership with Net Insight will increase our business opportunities in the Broadcast and Media segment with our existing Telecommunications and Infocomm product offering through an efficient multi-service transport platform."

"The Asian market is very important to us and we are delighted to see NeraTel teaming up with us to further extend our reach in the region and enabling more competitive and comprehensive turnkey solutions," said Bengt Hellström, Director Business Development APAC, Net Insight

Headquartered in Singapore, Nera Telecommunications has twelve offices in ten countries and more than 500 employees in the region. Initially the joint Net Insight and NeraTel solutions will be marketed in Thailand, Malaysia, Singapore, Indonesia, and the Philippines.
