

Press release from Peab AB 2007-04-04

## Peab proposes split of the Peab share

Peab AB will propose to the Annual General Meeting to decide about a split of the Peab share, meaning that all the current shares will be divided into two shares of the same kind.

The split and the separation of Peab Industri will be into effect, immediately after that the right to participate in the distribution of Peab Industri AB has been separated. This means that the first day with divided Peab shares, will be the same day as the first day of trade of Peab shares, excluded the right to participate in the distribution of Peab Industri AB, which is estimated to 25 September 2007.

The last day of trade inclusive the right to participate in the distribution of Peab Industri and split is estimated to 24 September 2007. This means that the date of notification for the split and for the right to participate in the distribution of Peab Industri is estimated to 27 September.

*- Proposing a split is one way to create better conditions for increased liquidity in the Peab share, says Peab's MD Mats Paulsson*
