Scania is one of the world's leading manufacturers of trucks and buses for heavy transport applications, and of industrial and marine engines. A growing proportion of the company's operations is comprised of products and services in the financial and service sectors, assuring Scania customers of cost-effective transport solutions and maximum uptime. Employing 32,800 people, Scania operates in about 100 countries. Research and development activities are concentrated in Sweden, while production plants are located in Europe and South America, with facilities for the global exchange of both components and finished vehicles. In 2006, invoiced sales totalled SEK 70.7 billion and net income amounted to SEK 5.9 billion.
