## Leading Orc technology deployed by Van der Moolen

Frankfurt & Stockholm: March 15, 2007 – Orc Software (SSE: ORC), the leading global provider of technology for advanced trading, market making and brokerage, today announced the Swiss-based business of international trading firm Van der Moolen, has integrated Orc technology including Orc Liquidator and Orc Trader for its proprietary trading business.

“Orc Software is pleased to be working with Van der Moolen to provide proprietary trading enhancements that will accelerate its business,” says Anders Henriksson, President Benelux, Eastern & Central Europe for Orc Software. “Today’s announcement further demonstrates Orc’s market position as a leading technology provider delivering trading enhancements to our worldwide customers such as Van der Moolen.”

Orc Liquidator and Orc Trader provide best fit solutions for automated trading, advanced click trading and market making across multiple markets. These areas represent the fastest growing styles of trading and have resulted in Orc winning a record number of new customers during the past year.

Orc Software is next exhibiting at Trade Tech Europe in Paris, April 24 - 27.
