

**NOTIFICATION OF FULL YEAR RESULTS 2006  
AND CHANGE TO BBH REPORTING DATE**

**Carlsberg A/S will be announcing its full year results for 2006 on Tuesday 20 February 2007.**

Analysts and investors will note that Scottish & Newcastle plc, our joint venture partner in Baltic Beverages Holding (BBH), will also be announcing results on the same day. As a result, both companies have decided to take the opportunity to present BBH results within their respective presentations on that day. Accordingly, the previous notice announcing BBH results for Tuesday 13 February is withdrawn.

Please note that this change has been made for the convenience of analysts and investors. However, we intend to review the position for future announcements.

Carlsberg will present its results at a conference call for analysts and investors at 9.30 CET on 20 February 2007.
