Exchange Notice

New Strikes - Stock Products 130/07

Correction of series expiring in March 2008.

Series that expires in March 2008 are technically configured with an incorrect expiration date. To adjust the expiration date the series will be recalculated to reflect the correct date. Positions in the existing March contracts will be transferred to the new series.

The expiration date for the below listed Swedish underlyings will be corrected from the 20th of March to the 19th of March. The recalculation will take place on Monday the 23rd of July, with implementation the 24th when new series with new ISIN's will be created with the correct expiration date. Except the expiration date all other conditions will remain the same. Further information regarding the new series and ISIN's will be sent out in the evening on the 23rd of July.

Swedish underlyings that are affected of the change are:

ERICSSON B
NOKIA OYJ
TELLIA SONERA

The expiration date for the below listed Finnish underlyings will be corrected from the 21th of March to the 20th of March. The recalculation will take place on Tuesday the 24th of July, with implementation the 25th when new series with new ISIN's will be created with the correct expiration date. Except the expiration date all other conditions will remain the same. Further information regarding the new series and ISIN's will be sent out in the evening on the 24th of July.
