IT – CLICK/SECUR Connectivity Test 7th of October 2007

Connectivity Test 7th of October 2007 towards production environment

OMX Derivatives Market CLICK/SECUR PRODUCTION system will go live with a new hardware platform the 8th of October. There are NO functional changes or API changes involved. The current Network Gateway IP addresses will be preserved over the platform change.

Production connectivity test

On the 7th of October 2007 all members are given the opportunity to participate in a connectivity test towards PRODUCTION system. During the connectivity test you will connect to system as you would a normal production day.

System available:

System will be available for connectivity test between 11:00-13:00 CET the 7th of October 2007.

The Markets will **NOT** be opened for trading.

If you need details how to connect to CLICK/SECUR production, please follow this link:

<http://www.omxgroup.com/nordicexchange/Memberlogin/clicksecur/production/>

Participation:

Please report your participation in the connectivity test by sending email containing: Member name, application (i.e. ORC, Click Trade XT), contact person, telephone number to

technicalsupport@omxgroup.com or +46 8 405 6750

Test result

Please report your test result to technicalsupport@omxgroup.com or +46 8 405 6750

For technical support email to technicalsupport@omxgroup.com or call +46 8 405 6750

For further information concerning this exchange notice please contact Mats Jacobson, telephone +46 8 405 6768, or mats.jacobson@omxgroup.com
