## Exchange Notice

IT (69/07)

### IT - New version of OM SECUR Back office

#### OMSECUR\_BackOffice\_V7.0.6b17

To solve found issues in the OM SECUR Back office application and get additional functionality you can download a new version from the OMX Customer Web Site. Please read release notes for detailed information.

**Added functionality** (read more in release note) :

- Another search option is added to the Trade History window where Trade number and Instrument type will be possible search criteria.
- The State column in the Trade History window in BO is enhanced to also include holding rectify state information, similar to the existing holding give-up state information.
