| New number of contracts ¹ | Old number of contracts held / 0,50 |
| Date of recalculation | After 19.30 (CET), November 30, 2007 |

| | |
|---------------------------------------|---------|

¹ The number of shares per contract will not be affected by the adjustment

As a result of the adjustment the number of contracts has increased whereas exercise and future prices have decreased. New exercise and futures prices have been rounded off to two decimal places and received an "X" in the series designation. The series have also received new ISIN codes, which are published below. The rounding off of future prices has been made "trade by trade" and not on the net position.

Members are encouraged to ensure that clients are aware of the above-mentioned adjustment.
