### New FIRST NORTH sector indexes

As of January 2nd 2008 the companies on the FIRST NORTH list will be included in indexes according to their GICS classification sector.

There will in total become ten new indexes based on GICS sectors. The indexes will be calculated in Euro and as price index only.

The new FIRST NORTH sector indexes will be disseminated through the SAXESS trading system every 60 seconds during trading.

The morning and evening index weight reports will be available in the OMX standard weight report format. For further information or to subscribe to the index weight reports please contact [MDS@omxgroup.com](mailto:MDS@omxgroup.com).

The new indexes will be:
