**Exchange Notice****IT 63/08****IT – New currency code added for OTC trade reporting SAXESS**

We will add the possibility to do OTC trade reporting in Pence Sterling (**GBX**). Already in use is the ISO 4217 currency code, **GBP** (Great Britain **pound**). Stocks are often traded in **pence** rather than pounds. In the “OMX Non-Listed OTC reporting” window in for example SAXESS Trade you will also be able to enter GBX from August 11 2008. For testing please use SAXESS Test 3.
