Exchange Notice 52/08

VINX Index Information

Adjustment of Carnegie in VINX Indices

The following decision is based on a press release from the Swedish National Debt Office dated November 10, 2008 and the present trading halt in Carnegie. The Swedish National Debt Office has taken over the shares posted as collateral for the loan Carnegie earlier received from the Central Bank. This means that the Swedish National Debt Office now controls Carnegie Investment Bank AB and Max Matthiessen Holding AB.

After not being able to receive valuations from market participants NASDAQ OMX Stockholm has according to rule 5.1 in the "Rules for the Construction and Maintenance of the VINX All-Share, Sector, Benchmark and Tradable indices", decided to adjust today's closing price of Carnegie to zero (0) in the index calculation. The decision is conditional that Carnegie is not resumed for trading today.

D. Carnegie & Co AB (CAR, SE0000798829) will remain to zero price in VINX Indices until further notice.
