IT – As from January 26, the closing times for most of the markets in external test system SEXTST3 will be postponed

In order to achieve longer testing times for our NASDAQ OMX US-colleagues the closing states for most of the NASDAQ OMX Nordic markets will be postponed.

The times that will be postponed are TERM, POTR and CLSD.

- TERM state will be moved to 23:10 (=COTR ends at 23:07)
- POTR state will be moved to 23:25
- CLSD state will be moved to 23:30

This means that the TERM will occur approximately 1 hour and 50 minutes later. Tuesday's PROD-times will remain unchanged.

The markets affected are all of the equity markets and some of the fixed-income markets. Oslo markets will not be affected at all by this change.

This change will only occur on the external test system SEXTST3.
