Exchange Notice  
SAXESS user news 1/09

## **As of March 23, NASDAQ OMX Stockholm introduces a new submarket *OMX STO Equities NOK*, on SAXESS Trading system**

In the beginning of March NASDAQ OMX announced about being the first European regulated markets to trade equities listed on other markets.

Starting March 23 NASDAQ OMX will offer trading in the top 25 shares, listed on Oslo Børs in Norway, through our exchange in Stockholm. The stocks that we will start trading represent Norway's strength in sectors such as Energy, Oil Services, and Telecom.

15-49,95	0,05	50-99,90	0,05
50-99,90	0,1	100-249,90	0,1
100-249,75	0,25	250-499,75	0,25
250-499,50	0,5	500-	0,5
500-	1		

**Round Lot = 1** goes for all order books listed above.

**Opening hours** and closed days are according to the same schedule as in Norway.

### **Settlement**

The trading currency is NOK and the settlement takes place in Norway's clearing and settlement system, VPS, directly or via a custodian.

### **Time schedule**

The setup described above has been available for external test and verification in the external test system, SEXTST3, since Monday, March 2.

Visible, but not tradable, in SAXESS production from Tuesday, March 17.

Production launch for the new sub-market is Monday, March 23.

### **Voluntary MWAT**

To be able to test the whole transaction chain, a voluntary MWAT is scheduled for Wednesday, March 18. The market is open on that day until CET 23:00, according to ordinary test schedule for external SAXESS test system (SEXTST3).
