|---------------------------------------------------------|-----------|
| Rules and Regulations of NASDAQ OMX Derivatives Markets | 4.5.3.4.1 |
|---------------------------------------------------------|-----------|

¹ VWAPcum = volume weighted average price at the day prior to the ex-day (8 decimals are used)

New exercise and forwards prices have been rounded off to two decimal places and received an "X" in the series designation. As a result of the adjustment the number of shares per contract has increased to 102 after rounding to the nearest full share, whereas exercise and forward prices have decreased. The series will also receive new ISIN-codes which will be published in a separate exchange notice later today. The rounding off of forward prices was made "trade by trade" and not on the net position.

Members are encouraged to ensure that clients are aware of the above-mentioned adjustment.
