**Dampskibsselskabet NORDEN A/S
Statement of D/S NORDENs Leading Employees' and Elected Employee Representatives' as
well as Their Closely Related Parties' Transactions with D/S NORDEN A/S's Shares and
Related Securities**

As reported today in NORDEN's annual report, NORDEN has established an share option programme for leading employees and other key employees, in total 56 employees. Each share option entitles the recipient to acquire one share denominated DKK 1 in NORDEN. This year, the programme has been reduced to 0.85% of the share capital (against 1% in previous years) and the exercise period as well as the period before exercise can take place has been extended from 2 to 3 years. The share options may thus be exercised in the period from 10 March 2012 to 10 March 2015.

The exercise price of the options is determined as the five-day average of the market price following 10 March 2009, less all dividend payments after 10 March 2009 and plus an effective interest rate of 8% p.a. until any exercise. These are the same conditions which apply to the option programme the Company established for 50 employees in March 2008.

The theoretical Black-Scholes value of each of the options is DKK 40.24 based on the price of the shares of the Company as per close on Monday 9 March. The value is an estimate as the exercise price will be determined as the five-day average of the market price from 10 March 2009. The estimated value is calculated based on the following assumptions: that all options are exercised at the earliest time possible, a volatility of 56.3%, an annual dividend rate of DKK 10 per share and a risk free interest rate of 2.34%.

Kind regards,
