Vestas awards suppliers

Vestas awards four suppliers for their commitment and results, helping the world's largest manufacturer of wind turbines achieve its objectives.

Vestas Global Suppliers' Day, which has taken place every year since 2006, is a platform for knowledge sharing of how both Vestas and its suppliers can deal with the latest wind industry challenges in terms of capacity and quality throughout the supply chain.

Some of the criteria for winning the prize include product quality, security of supply, compliance with international health, safety and environmental regulations as well as flexibility and development cooperation.

The winners of Vestas Suppliers' Day 2009 are:

- Eesti Energia Technology Industries, Estonia, www.energia.ee, for Vestas Nacelles,
- Hexcel, USA, www.hexcel.com, for Vestas Blades,
- Leeco Steel, USA, www.leecosteel.com, for Vestas Towers and
- Noratel AB, Sweden, www.noratel.com, for Vestas Control Systems.

"It is only through mutual cooperation and a constructive dialogue with our suppliers that we will be able to reach our goals. The aim of Vestas Global Suppliers' Day is to develop a shared perspective and to strengthen our mutual understanding of how to meet the challenges we are facing in the industry of modern energy," says Ditlev Engel, President and CEO of Vestas Wind Systems A/S.

Contact details:
