## **IT – MiFID II clock synchronization seminar - *Reminder***

Nasdaq Nordic is pleased to invite you a MiFID II clock synchronization seminar. MiFID II mandates clock synchronization at European exchanges and trading firms at a level of accuracy that requires Precision Time Protocol (PTP). Nasdaq Nordic together with Meinberg offer you a unique chance to attend a free PTP and MiFID II clock synchronization seminar at Nasdaq offices in Stockholm to learn more about PTP in terms of configuring, troubleshooting and monitoring.

The seminar is primarily aimed at network engineers and technical staff.

Some of the topics covered during the seminar:

- Overview / Requirements of ESMA RTS 25
- Network Timing NTP / IEEE 1588 PTP
- PTP Profiles, Unicast / Multicast mode
- How to monitor NTP / PTP nodes in your network
- Live Demo Meinberg NetSync Monitoring / PTP Track Hound
- Q&A, Open Discussion
