Exchange notice**Swedish Stock Products 51/09****Introduction of short expiration months for eight Swedish underlyings**

As of September 14th, 2009, NASDAQ OMX Derivatives Markets will introduce 3 month contracts (expiration all months), 12 month contracts (expiration March, June, September and December) and 24 month contracts (expiration in January) for the following underlyings:

Underlying	Old group in the quotation list	New group in the quotation list
Hennes & Mauritz B (HMB)	2	4
Atlas Copco A (ATCOA)	2	4
Nordea (NDA)	2	4
SHB A (SHBA)	2	4
Volvo B (VOLVB)	2	4
Swedbank A (SWEDA)	3	4
SEB A (SEBA)	3	4
Sandvik (SAND)	3	4

The reason for the change is to enable short term positions by decreasing the shortest term from 6 to 3 months and listing the 3 month contracts with expiration all months.

Following the change Options and Forwards in the above mentioned underlyings will be listed according to a new expiration cycle. To avoid a disproportionate number of expiration months no new series will initially be listed with expiration in i) October 2009 for underlyings from group 2 in the quotation list and ii) January 2010 and January 2011 for underlyings from group 3 in the quotation list.

For further information please see the quotation list (appendix 13 to NASDAQ OMX Derivatives Markets Rules and Regulations) which can be found at the following link:
