

## GENMAB TO ATTEND TWO MARCH INVESTOR CONFERENCES

*Summary: Genmab's senior management will present at two investor conferences in March.*

**Copenhagen, Denmark; February 26, 2009** – Genmab A/S (OMX: GEN) announced today it will attend two investor conferences in March 2009. Senior management will attend the Credit Suisse Global Biotechnology, Biopharma and Generics One-on-One Conference in London on March 4 and 5. Chief Executive Officer Lisa N. Drakeman, Ph.D. will present at the Cowen and Company 29th Annual Health Care Conference in Boston on March 18 at 11:00AM local time. Dr. Drakeman's presentation will be available via a live and archived webcast at [www.genmab.com](http://www.genmab.com).

### **About Genmab A/S**

Genmab is a leading international biotechnology company focused on developing fully human antibody therapeutics for the potential treatment of cancer. Genmab's world class discovery, development and manufacturing teams are using cutting-edge technology to create and develop products to address unmet medical needs. Our primary goal is to improve the lives of patients who are in urgent need of new treatment options. For more information on Genmab's products and technology, visit [www.genmab.com](http://www.genmab.com).

*This press release contains forward looking statements. The words "believe", "expect", "anticipate", "intend" and "plan" and similar expressions identify forward looking statements. Actual results or performance may differ materially from any future results or performance expressed or implied by such statements. The important factors that could cause our actual results or performance to differ materially include, among others, risks associated with product discovery and development, uncertainties related to the outcome and conduct of clinical trials including unforeseen safety issues, uncertainties related to product manufacturing, the lack of market acceptance of our products, our inability to manage growth, the competitive environment in relation to our business area and markets, our inability to attract and retain suitably qualified personnel, the unenforceability or lack of protection of our patents and proprietary rights, our relationships with affiliated entities, changes and developments in technology which may render our products obsolete, and other factors. For a further discussion of these risks, please refer to the section "Risk Management" in Genmab's Financial Statements Release, which is available on [www.genmab.com](http://www.genmab.com). Genmab does not undertake any obligation to update or revise forward looking statements in this press release nor to confirm such statements in relation to actual results, unless required by law.*
