

IT – INET Nordic – Introduction of new Market Segments for Exchange Traded Products on First North Sweden

Nasdaq Nordic is planning to introduce three new Market Segments for Warrants, Certificates and Leverage Certificates, traded in NOK on First North Sweden. The instruments listed on the new segments will be bilaterally cleared and settled at Norwegian CSD Verdipapirsentralen ASA (VPS) in Norway. The general trading model on the new market segments follows the same model applied for Warrants, Certificates and Leverage Certificates. New trading schedules will be created for these Market Segments in order to reflect the trading hours applicable on the Norwegian primary market place. An existing holiday calendar for the Norwegian primary market place will be used. The new Market Segments will be activated in INET production as of June 18, 2018.

Please find the identifiers below.
