Updates to Genium INET Market Model

Equity Derivatives Trading

This notice is to inform members that the Genium INET Market Model document version 2.4 with an effective date of 11 June 2018, the first trading day on the new Genium INET version 5.0.0205, is now available on the [Rules and Regulations website](#) for Nasdaq Derivatives Markets.

The updates reflect the introduction of on-exchange trading of flexible contracts. Further background and information can be found in product information notices [36/18](#) and [73/18](#).

For further information concerning this exchange notice please contact product manager Joakim Fernlund, telephone +46 8 405 60 00.
