## Fingerprint Cards clarifies the distribution of the press release regarding guidance for 2016

Yesterday Fingerprint Cards distributed a press release regarding the company guidance for 2016. The press release was unintentionally made available to the market two hours too early by the Company's press agent, PR Newswire. The agent has investigated the matter and confirms that the mistake was entirely due to a manual error by PR Newswire, and not in any way a result of miscommunication between Fingerprint Cards and the agent. This has been confirmed by Lisa Ashworth, CEO PR Newswire, Europe. Fingerprint Cards has acted in accordance with all applicable regulatory routines for communication of this kind of information and the instructions to PR Newswire were entirely correct.

### About Fingerprint Cards AB (publ)

Fingerprint Cards AB (FPC) is a high tech and listed company which develops, produces and markets biometric technology that through the analysis and matching of an individual's unique fingerprint verify the person's identity. A secure and convenient user experience is thus made possible, beyond keys and pins. The FPC technology offers world class advantages and include unique image quality, extreme robustness, low power

consumption and complete biometric systems. With these advantages and in combination with low production costs the technology may be implemented in large volume products as smartphones, tablets and biometric cards where these demands are extremely high. FPC's technology have user cases from a number of applications.

The information was issued for publication on December 10, 2015, at 11:45 a.m.
