Mobistar to offer new iPad in Belgium on March 23

Brussels, 20 March 2012 – Mobistar today announced it will offer the new iPad in Belgium on Friday, March 23. Mobistar will offer iPad with a range of attractive data plans that will allow customers to connect to its fast HSPA+/HSDPA-DC network at speeds up to 42 Mbps.

The third generation iPad is a category defining mobile device that features a stunning new Retina display, Apple's new A5X chip with quad-core graphics and a 5 megapixel iSight camera with advanced optics for capturing amazing photos and 1080p HD video. It also still delivers the same all-day 10 hour battery life* while remaining amazingly thin and light. iPad is world-ready, allowing users to connect to fast networks worldwide when they travel.

“Mobistar is very pleased to offer the amazing new iPad to our customers in Belgium” said Jean Marc Harion, CEO of Mobistar. “iPad customers using our network will benefit from Mobistar's excellent network speed and coverage throughout Belgium.”

Customers can buy the new iPad at all Mobistar Centers beginning Friday, March 23. For complete details on pricing and availability please visit www.mobistar.be/nouvel-ipad or www.mobistar.be/nieuwe-ipad (websites open as from March 23).

*Battery life depends on device settings, usage and other factors. Actual results vary.

For more information on iPad please visit www.apple.com/ipad.

Mobistar (EURONEXT BRUSSELS: MOBB), one of the main players on the Belgian and Luxembourg telecommunications market, is active in mobile voice and data traffic, as well as landline telephony, ADSL, TV and other markets with high growth potential. The company develops innovative products and services for the residential and professional markets. Mobistar is quoted on the Brussels Stock Exchange and is part of the France Telecom group.
