***Our report has been prepared in Lithuanian language and in English language. In all matters of interpretation of information, views or opinions, the Lithuanian language version of our report takes precedence over the English language version.***

### **Independent auditor's report**

To the Shareholders of Teo LT, AB

#### **Report on the financial statements**

We have audited the accompanying stand alone and consolidated financial statements (the 'Financial Statements') of Teo LT, AB (the 'Company') and its subsidiaries (together the 'Group') set out in pages 5 – 54 which comprise the stand alone and consolidated statement of financial position as at 31 December 2009 and the stand alone and consolidated statement of comprehensive income, statement of changes in equity and statement of cash flows for the year then ended and a summary of significant accounting policies and other explanatory notes.

#### ***Management's Responsibility for the Financial Statements***

Management is responsible for the preparation and fair presentation of the Financial Statements in accordance with International Financial Reporting Standards as adopted by the European Union. This responsibility includes: designing, implementing and maintaining internal control relevant to the preparation and fair presentation of the Financial Statements that are free from material misstatement, whether due to fraud or error; selecting and applying appropriate accounting policies; and making accounting estimates that are reasonable in the circumstances.

#### ***Auditor's Responsibility***

Our responsibility is to express an opinion on the Financial Statements based on our audit. We conducted our audit in accordance with International Standards on Auditing. Those Standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance whether the Financial Statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the Financial Statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the Financial Statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the Financial Statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of accounting estimates made by management, as well as evaluating the overall presentation of the Financial Statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

*Opinion*

In our opinion, the accompanying Financial Statements give a true and fair view of the financial position of the Company and the Group as of 31 December 2009 and of their financial performance and cash flows for the year then ended in accordance with International Financial Reporting Standards as adopted by the European Union.

**Report on other legal and regulatory requirements**

Furthermore, we have read the consolidated Annual Report for the year ended 31 December 2009 set out on pages 55 – 99 and have not noted any material inconsistencies between the financial information included in it and the audited Financial Statements for the year ended 31 December 2009.
