In millions of euro	H1			Q2		
	2015	2014	Chg %	2015	2014	Chg %
Total	60.3	54.2	+11.3%	30.8	26.7	+15.4%

Our international business accounted for close to 30% of the increase in volume in the six months, boosted by the strong performance in Germany.

Growth accelerated in the second quarter with the start-up in June of production for a major contract, signed in the early part of the year, for the roll-out in France of broadband Internet infrastructure.

We confirm our expectation for further growth in business volume in the second half, and reiterate the outlook for double-digit profitable growth for the year as a whole.
