Solutions pour les Nouvelles Technologies

SOLUTIONS 30 wins CroissancePlus-PMEfinance Futur 40 award

SOLUTIONS 30, Europe's leading provider of Solutions for New Technologies is one of the 40 SME's and mid-caps listed on the Paris bourse^(*) to record the most dynamic growth in the past three years.

The "Futur 40" prize was awarded this year during the Rencontres Financières Internationales organised by Paris Europlace. Futur 40 is an award for French growth champions and honours the 40 SMEs and mid-caps listed on the Paris stock exchange, eligible for the French PEA-PME equity savings plan, with the most dynamic growth during the previous three years. Now in the third year, the awards were presented by CroissancePlus-PMEfinance, in partnership with F2IC, the French federation of investment clubs, Morningstar, Enternext and Paris Europlace.

Solutions 30 grew sales an impressive 17.63% to a total of €125.2 million in 2015, bringing it to 15th in the ranking of companies listed on the Paris Bourse with the highest rate of growth in the past three years that generate over €5 million in annual sales, while remaining profitable and eligible for the PEA-PME equity savings plan.

Karim Rachedi, Chief Operating Officer of SOLUTIONS 30, said: "*We are delighted with this latest award, which is fitting recognition for the hard work and dedication of all our teams in Europe.*"

"*Our teams contribute daily to consolidating our business model and strengthening the Group's position in high-potential markets to ensure Solutions 30 will continue to deliver growth in the double digits in the long term,*" added Gianbeppi Fortis, Chairman of the Executive Board of SOLUTIONS 30.

^(*) Methodology

To select the Futur 40 winners, Morningstar used its database and applied a number of filters agreed jointly with PME Finance:

- Companies listed on Euronext Paris;
- Generating sales in excess of €5 million in 2014 while remaining profitable;
- Excluding financial companies, listed holdings and companies that do not have a minimum stock activity (based on volume traded, shares in circulation, market capitalisation, etc.)
- The final 40 were selected according to average growth in sales in the past three financial years (see the detailed methodology on www.pmefinance.org)

(Analysis of an equally weighted basket of stocks where each company is assigned equal weighting as at 31/12/2014)

Key dates:

Tuesday 26 July 2016: publication of Q2 2016 and H1 revenue.

Thursday, 29 September 2016: H1 2016 interim financial statements available online.

Thursday, 3 November 2016: publication of Q3 2016 revenue.
