

Successful spreading of ownership and further acquisition of shares by the company's management

With a view to increasing the spread of Global Health Partner's shares in connection with one of the company's major shareholders wishing to reduce its shareholding, Avanza Bank was given the assignment of offering 950,000 shares to its depot customers, with a subscription period from 24-30 March 2010. There was great interest in the shares and Global Health Partner has been informed that demand was considerably greater than the number of shares offered. Through the spreading of ownership the company has gained more than 600 new shareholders.

Per Båtelson, the company's CEO, and Johan Wachtmeister, the Deputy CEO, have increased their shareholdings in Global Health Partner by acquiring 250,000 shares each. After these acquisitions their shareholdings amount to 6.2 and 7.1 percent, respectively.
