Geveko's rights issue fully subscribed

Gothenburg, Sweden, April 30, 2010

The preliminary results of Geveko's rights issue indicate that approximately 12.4 million shares, of which approximately 2.2 million A-shares and approximately 10.2 million B-shares, representing a total of approximately 98.1 percent of the offered shares, were subscribed for with subscription rights. Additionally, applications have been made to subscribe for approximately 6.5 million shares with subsidiary preferential rights and without preferential rights. Thus, the rights issue is fully subscribed and the underwriting commitments do not need to be utilised. Through the rights issue Geveko will receive proceeds amounting to approximately MSEK 165 before issue costs.

Those who have subscribed for shares without preferential rights will be allocated shares according to the principles outlined in the prospectus. Such subscribers who have been allocated shares will be notified on or around May 5, 2010. Only those who are allocated shares will be notified.

Through the rights issue Geveko's share capital increases by SEK 151,903,188 to SEK 202,537,584 (after reduction of share capital resolved at Geveko's Extraordinary General Meeting on March 31, 2010). The number of shares in Geveko will increase by 12,658,599, of which 2,160,000 A-shares and 10,498,599 B-shares. After the rights issue the total number of shares will amount to 16,878,132, of which 2,880,000 A-shares and 13,988,132 B-shares.

New B-shares subscribed for with subscription rights are expected to start trading on NASDAQ OMX Stockholm on May 7, 2010. Trading in B-shares subscribed for with subsidiary preferential rights and without preferential rights is expected to start on May 20, 2010. A-shares will not be listed on NASDAQ OMX Stockholm.
