Corbion signed USD 125 million US Private Placement Notes

Corbion has signed a US Private Placement (USPP) Notes program with 4 institutional investors. The issuance of USD 125 million under this program consists of one tranche with a maturity of 10 years and a fixed interest rate of 4.17%.

Part of the proceeds will be used to replace USD 85 million from the 2010 USPP that matured in October 2015. Of the 2010 USPP, USD 42 million will still be outstanding.

Combined with the available Revolving Credit Facilities, this program will give us the necessary flexibility in our funding needs to execute our investment plans in the coming years.
