Glaston Corporation

Glaston Corporation is an international glass technology company. Glaston is the global market leader in glass processing machines, and a comprehensive One-Stop-Partner supplier to its customers. Its product range and service network are the widest in the industry. Glaston's well-known brands are Bavelloni in pre-processing machines and tools, Tamglass and Uniglass in safety glass machines, and Albat+Wirsam in glass industry software.

Glaston's share (GLA1V) is listed on the NASDAQ OMX Helsinki Mid Cap List.
