Background information

About Topotarget

Topotarget (NASDAQ OMX: TOPO) is a Scandinavian based international biotech company headquartered in Denmark, dedicated to improve cancer therapies. In collaboration with Spectrum Pharmaceuticals, Inc. Topotarget currently focuses on the development in pivotal studies of its lead drug candidate, belinostat, which has demonstrated a clear anti neoplastic effect in both hematological malignancies and solid tumors. Belinostat can be used in combination with full doses of chemotherapy, and is currently in a pivotal trial within PTCL (peripheral T-cell lymphoma) and phase II in cancer of unknown primary (CUP). Topotarget's key cancer drugs target HDAC, NAD+, mTOR, Fas ligand and topoisomerase II. Savene®/Totect® is the first product on the market from Topotarget's drug discovery technology. Totect® is marketed by the company's own sales specialists in the US. The European rights to, Savene®, were divested in March 2010 as a consequence of the focus to develop and commercialise belinostat. For more information, please refer to www.topotarget.com.

Topotarget Safe Harbour Statement

This announcement may contain forward-looking statements, including statements about our expectations of the progression of our preclinical and clinical pipeline including the timing for commencement and completion of clinical trials and with respect to cash burn guidance. Such statements are based on management's current expectations and are subject to a number of risks and uncertainties that could cause actual results to differ materially from those described in the forward-looking statements.
