

## STOCK EXCHANGE NOTICE

22 APRIL 2008

### GC RIEBER SHIPPING TO HOST CAPITAL MARKETS DAY ON 4 JUNE 2008

**GC Rieber Shipping will host a Capital Markets Day for investors, research analysts and financial relations on Wednesday 4 June 2008 from 01:00 to 04:30 p.m. followed by a social gathering in the evening.**

The Capital Markets Day will take place at Skipsbyggerhallen, Solheimsgaten 11, Bergen. GC Rieber Shipping's executive management will participate and provide updates on all business areas. The executive management and the Chairman of the Board will also be available for questions throughout the day.

A detailed programme with themes and speakers is expected to be completed by mid-May. Through the programme the company wants to communicate its plans for utilising GC Rieber Shipping's financial capacity to develop the company's activities within offshore subsea and other business opportunities related to exploration and extraction of petroleum, including in Russia and other Arctic environments.

A dinner at Cornelius Restaurant will be hosted after the presentations. The company will provide transport by boat to the restaurant, which is located on a small island outside Bergen. Transport back to Bergen in the aftermath of the dinner (09:00 p.m.) will be provided. The boat will make a stop at the Flesland pier for those who are travelling out of Bergen by plane the same evening.

If you wish to participate at GC Rieber Shipping's Capital Markets Day, please register within 20 May with Crux Kommunikasjon, attn. Lars Jørgen Ytrehus, at the following e-mail address: [lars.ytrehus@crux.no](mailto:lars.ytrehus@crux.no), detailing your name, e-mail address/phone number and who you represent.

#### **About GC Rieber Shipping:**

GC Rieber Shipping is an industrial company with business within offshore/shipping, with focus on high quality maritime operations, project development and industrial portfolio management. The company has a unique competence on offshore operations in harsh environments and design, development and maritime operation of seismic vessels. The company has also built substantial competence on subsea operations, both through the 52% stake in the subsea contractor Technocean and through long term cooperation with other key players in the market.

GC Rieber Shipping owns and operates five advanced multifunctional special purpose vessels for defined markets within offshore subsea and ice research and support. The company is also in charge of ship management for 12 seismic vessels owned by PGS, CGGVeritas and Fugro, as well as project management and building supervision for four advanced seismic newbuildings for Arrow Seismic (PGS), and conversions of two 2D/source vessels. The company's headquarters is located in Bergen with ship management companies in Sevenoaks (England) and Yuzhno-Sakhalinsk (Russia). The company is listed on Oslo Børs with ticker RISH.
