“The market’s interest for Axis’ network video products continued to develop positively during the third quarter. All regions showed a favorable sales trend, which resulted in total growth of 30 percent during the third quarter compared with the corresponding quarter of the preceding year. The inflow of new projects for installations of network cameras in security installations has continued at a stable level during the period July through September.

The global expansion is continuing and a further 38 people were employed during the quarter, evenly distributed between sales and research & development. There were 888 employees (776) at the end of the period, which means that 112 new employees were added during the year.”
