

HTN continues to expand US network with Net Insight's Nimbra platform

28 January, 2009

Stockholm, Sweden – Net Insight, leading developer of efficient and scalable optical transport solutions for media, IP and broadcast networks, today announced a further order from HTN to expand its Nimbra based transport network.

Since 2007, HTN runs a Nimbra based media transport network for enhanced sports programming across the United States. HTN has continuously been expanding its services and has now placed a further extension order to support new customers.

The new Nimbra equipment will be delivered in the first quarter 2009.
