No fee shall be paid to the Nomination Committee. The Nomination Committee shall, upon approval by the Chairman of the Board of Directors, be entitled to burden the company with costs for recruitment consultants or other costs necessary for the Nomination Committee to fulfil its duties.

Share split and mandatory share redemption programme (item 15)

The Board of Directors proposes that the Meeting resolves to execute a mandatory redemption programme for all shareholders in accordance with the items below. All resolutions are proposed to be adopted as one single resolution. A valid resolution requires approval of shareholders representing at least two-thirds of both the votes cast and the shares represented at the Meeting.

Resolution to execute a share split (item 15 a)

The Board of Directors proposes that the Meeting resolves to execute a share split, whereby each HiQ share is to be divided into two shares. One of these shares will be a so-called redemption share. The Board of Directors proposes that the record day for the share split shall be 11 May 2011.

Resolution to reduce the share capital by mandatory redemption of shares (item 15 b)

The Board of Directors proposes that the Meeting resolves to reduce the company's share capital by SEK 2,615,136.15 by way of redemption of a total of 52,302,723 shares, for repayment to the shareholders. In the event that the outstanding warrants are exercised for subscription to new shares, the total number of shares in HiQ may increase by up to 1 185 150 shares. In respect of such subscription taking place prior to the record date for the share split, the proposal for resolution to reduce the share capital is to be deemed as amended so that the redemption price shall be increased by SEK 0.05 for each new share in the company. Furthermore, the number of shares subject to redemption shall be increased by the corresponding number of new shares.

The consideration for each redemption share shall be SEK 1.80. The Board of Directors proposes that trading in the redemption shares shall take place from 12 May 2011 up to and including 25 May 2011. The Board of Directors also proposes that the record date for the share redemption shall be 1 June 2011. Payment is expected to be made via Euroclear Sweden AB on or around 8 June 2011.

Resolution to increase the share capital by way of a bonus issue (item 15 c)

In order to achieve a timely and efficient redemption procedure without requiring the leave of the Swedish Companies Registration Office or the court, the Board of Directors proposes that the Meeting resolves to increase the company's share capital by SEK 2,615,136.15 without issuing any new shares by transfer of the issue amount from the company's non-restricted equity to the company's share capital. If the company's outstanding warrants are exercised for subscription in a share issue before the record date for the share split in accordance with the proposal of the Board of Directors for a resolution on the execution of a share split in accordance with item 15 a, the above-mentioned proposals on the bonus issue are deemed to be amended so that the issue price shall be increased by SEK 0.05 for each new share in the company.

Authorisation for the Board of Directors to purchase and transfer the company's own shares (item 16)

The Board of Directors proposes that the Meeting authorises the Board of Directors to pass a resolution on one or more occasions for the period up until the next Annual General Meeting on purchasing so many shares that the company's holding does not at any time exceed 10 percent of the total number of shares in the company. The purchase of shares shall take place on the NASDAQ OMX Stockholm and may only occur at a price within the share price interval registered at that time, where share price interval means the difference between the highest buying price and lowest selling price.

Furthermore, it is proposed that the Meeting authorises the Board of Directors to pass resolutions on transferring the company's own shares as payment in connection with an acquisition of companies or businesses, at a price within the share price interval registered at that time.

The purpose of the authorisations is so that the Board of Directors obtains increased freedom to continuously adapt the company's capital structure.

Resolution regarding issue of warrants (item 17)

The Board of Directors proposes that the General Meeting adopts a resolution to issue no more than 1,000,000 warrants. Each warrant shall entitle the holder to subscribe for one share. Warrants may be issued in two series (Series I and II) with no more than 800,000 warrants in each series. However, the total number of warrants in Series I and II may not exceed 1,000,000 warrants. For warrants in Series I the exercise price shall correspond to 110 per cent of the average exchange quotation of the company's shares during the period commencing 29 April 2011 up to and including 12 May 2011, and for warrants in Series II the exercise price shall correspond to 110 per cent of the average exchange quotation of the company's share during a period of ten trading days immediately following the submission of the interim report for the first three quarters of 2011. The term of each warrant shall be approximately three years from the date the exercise price has been determined.

The right to subscribe for the warrants shall inure to the wholly owned subsidiary HiQ Stockholm AB, which shall transfer the warrants to current and future employees of the group in Sweden, Denmark and Finland. Transfer of warrants shall be made at market price (the warrant premium). Key employees may not acquire more than 30,000 warrants and shall be guaranteed to acquire 4,000 warrants; all other the employees may not acquire more than 4,000 warrants each and shall be guaranteed to acquire 1,000 warrants each.

If all 1,000,000 warrants are exercised, the share capital of the company will increase by SEK 100,000 corresponding to a dilution of approx. 1.9 per cent of the company's share capital and votes. Considering previously adopted incentive programmes for employees, the total dilution amounts to approx. 4.0 per cent.

The purpose of the proposal is to create opportunities to keep and to recruit competent employees to the HiQ group and to increase the motivation amongst the employees. The Board of Directors considers that the adoption of an incentive programme as described above is in the favour of the HiQ group and for the shareholders.

With the purpose of increasing participation in the incentive program, the company intends to subsidise the holders of

warrants, who still are employed by HiQ at the end of the term by way of a bonus payment, which after taxation amounts to the warrant premium. A prerequisite for the subsidise is that the group has achieved its long term financial target (presently the equivalent of an operating profit of 15 per cent.)

A valid resolution regarding approval of the incentive programme as set out above, requires approval of shareholders representing at least 90 per cent of both the votes cast and the shares represented at the Meeting.

Resolution regarding authorisation for the Board of Directors to issue new shares (item 18)

The Board of Directors proposes that the Board of Directors shall be authorised to resolve to issue of no more than 5,000,000 shares against payment in kind or against set-off payment in connection with acquisitions and payment of additional purchase price, at one or several occasions, during the period until the next Annual General Meeting. In respect of issues of shares against set-off payment, the Board of Directors can decide to deviate from the shareholders' preferential rights.

Resolution regarding guidelines for determining salary and other remuneration to the Managing Director and other persons in the company's management (item 19)

The Board of Directors proposes that the current policy on remuneration and other terms of employment for senior executives that was adopted at the Annual General Meeting 2010 shall be kept and continued.
