Stockholm, Sweden – Net Insight: correction of press release regarding number of shares as of December 30, 2008

This press release replaces the previous press release “Net Insight: number of shares as of December 30, 2008” in which the number of class B shares mistakenly was specified to 378 073 249. The correct number of class B shares is 377 990 569.

If a change in the total number of shares or voting rights has occurred, Swedish corporations whose shares are traded on a regulated market is obligated by law to disclose such changes on the last trading day of the month in which the changes occurred.

During December, 4 656 792 new class B shares were issued in Net Insight through the exercise of warrants distributed within the framework of the established option program.

As of December 30, 2008 the total number of shares in the Company is 379 890 569, of which 1 900 000 are class A shares and 377 990 569 are class B shares. One class A-share entitles the holder to 10 votes and one class B share to one vote.
