

**IT Notice 136/10**

**Genium INET – New Clearing Workstation 1, version  
2.0.0210\_r17344**

*The member extranet at [http://nordic.nasdaqomxtrader.com/memberextranet/genium\\_inet/](http://nordic.nasdaqomxtrader.com/memberextranet/genium_inet/) is always updated with the latest Genium INET related documentation.*

A new version of the Genium INET Clearing Workstation 1 is now available at the Member Extranet together with updated versions of the User and Installation Guides.

Upgrading to the new version 2.0.0210\_r17344 is not mandatory. The release includes enhancements to, and corrections of known issues in, the current version 2.0.0200\_B020. For detailed information, please see the release notes at the Member Extranet.
