About Zealand Pharma

Zealand Pharma A/S is a public (NASDAQ OMX: ZEAL) biopharmaceutical company based in Copenhagen, Denmark with a mature and growing clinical pipeline of innovative peptide based drugs. The company's lead product is Lyxumia® (lixisenatide), a once-daily GLP-1 agonist licensed to Sanofi, which has Lyxumia® in late-stage Phase III development for the treatment of Type 2 diabetes. Zealand Pharma also has a collaboration with Boehringer Ingelheim covering glucagon/GLP-1 dual agonists, including ZP2929 for the treatment of

diabetes and obesity, and a license agreement with Helsinn Healthcare on a clinical stage GLP-2 drug for the treatment of chemotherapy- and radiotherapy-induced diarrhea.

Zealand Pharma specializes in the discovery, optimization and development of novel peptide drugs with favorable therapeutic attributes, and all drug candidates in its pipeline have been identified through the company's own drug discovery activities. Zealand Pharma's products target disease areas where existing treatments fail to adequately serve patient needs and where the market potential for improved treatments through the use of peptide drugs is high.
