

## **Nederman receives breakthrough order from Komatsu in China**

**Nederman will supply Komatsu's new foundry in Changzhou China, with complete solutions for dust and fume extraction. The order value is substantial and well in line with the largest reported over the past 12 months.**

Komatsu is a Japanese world leading manufacturer of construction and mining equipment, utilities, forest machines and industrial machinery.

Nederman's solutions for dust and fume extraction ensure a safe, clean and efficient foundry production process. The equipment will be manufactured at Nederman's plant in Suzhou, China, and will be delivered from December 2011 and during the first quarter 2012. Due to a confidentiality agreement with the customer, Nederman is unable to disclose the exact value of the order.

"We are very proud to receive this environmental technology order from Komatsu, a company with very high quality demands and a strong CSR profile", says Sven Kristensson, CEO, Nederman.
