Update on the Rules for Construction and Maintenance of the NASDAQ OMX Nordic Tradable Sector Indexes

The rules for the NASDAQ OMX Nordic Tradable Sector Indexes have been revised and the changes will apply for the mid-year review in June, 2012.

Please find the changes in the below sections:

Section 2.3 NASDAQ OMX Nordic Tradable Sector Indexes

The selection rules for the NASDAQ OMX Nordic Tradable Sector Indexes have been revised and are now based on the Industry Classification Benchmark (ICB)

Section 2.8 Changes in the index Composition

This rule has been added to clarify at what price constituents are included and removed from the indexes.
