Independent auditor's report to the shareholders of AB Snaigė

Report on Financial Statements

We have audited the accompanying financial statements of AB Snaige, a public limited liability company registered in the Republic of Lithuania (hereinafter the Company), which comprise the statement of financial position as of 31 December 2011, the statements of comprehensive income, changes in equity and cash flows for the year then ended, and notes (comprising a summary of significant accounting policies and other explanatory information).

Management's Responsibility for the Financial Statements

The Company's management is responsible for the preparation and fair presentation of these financial statements in accordance with International Financial Reporting Standards, as adopted by the European Union, and for such internal control as management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with International Standards on Auditing as set forth by the International Federation of Accountants. Those standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the accompanying financial statements present fairly, in all material respects, the financial position of the Company as of 31 December 2011, and its financial performance and its cash flows for the year then ended in accordance with International Financial Reporting Standards, as adopted by the European Union.

Report on Other Legal and Regulatory Requirements

Furthermore, we have read the consolidated Annual Report for the year ended 31 December 2011 and have not noted any material inconsistencies between the financial information included in it and the financial statements for the year ended 31 December 2011.
