**Terms and conditions of Realkredit Danmark's auction to be held from
1 to 12 December 2008**

Auction

The auction will take place at NASDAQ OMX Copenhagen's mortgage-issuing sub-market. The Dutch auction principle and hidden call method will be used. Under the Dutch auction principle, all bids above the cut-off prices will be settled in full at the cut-off prices. For bids at the exact cut-off price, proportional allocation may be used. All bids below the cut-off prices will not be settled. Hidden call means that the bidders can only see their own bids, whereas the issuer can see all bids.

Decimal points:

Investors may place their bids at prices with up to three decimal places for 1-year bonds maturing in 2010 in both the 10S and 10Q series.

For the rest of the securities identification codes offered, bids may contain only two decimal places.
