Share capital and shares

2 - Share capital

The Bank's share capital is DKK 540 million divided into shares of DKK 10 each or multiples thereof. The share capital is fully paid up.

3 - Shares

Shares shall when issued and transferred be registered in the names of their holders at the Danish Securities Centre and in the Bank's share register.

No special rights shall attach to any share.

Shareholders shall be under no obligation to have their shares redeemed in whole or in part.

The shares shall be negotiable instruments.

The shares shall be freely transferable, always provided that the transfer of shares to an acquirer holding or by the acquisition obtaining ten per cent or more of the Bank's share capital shall require the consent of the Bank.

Consent shall and must be granted:

- where such acquisition forms part of the transfer of the shares to a holding company as part of a change of structure effected and approved by the Bank or as part of a reconstruction of the Bank with the understanding of the Danish Financial Supervisory Authority after the loss of capital; and
- in general, where the acquirer - in view of the voting and capital circumstances at the Bank's previous General Meetings - cannot reasonably be assumed to be able to hinder any amendment concerning capital increase of the Bank.

Unless the acquirer receives notification to the contrary within five banking days on the Bank having received the application, consent shall be considered as given. No specific internal stipulation shall apply to notification of consent. Any such stipulation shall only be laid down through amendments to these Articles of Association. Any share acquired, despite not having been consented to, shall be sold immediately and shall not lead to administrative rights in the company.

Dividend shall be payable in accordance with the rules laid down by the Danish Securities Centre. Any dividend not claimed within five years after its due date shall fall to the Bank.

4 - Authority, share issue

Upon any new issue of shares for cash, existing shareholders shall be entitled to proportional subscriptions of new shares, unless otherwise provided by legislation or the Articles of Association.

The Supervisory Board shall be authorised to increase the share capital at any time by not more than DKK 1,000 million, corresponding to a share capital of DKK 1,540,000,000. Such increase may be in one or several issues. This authority shall expire on 1 March 2013. Any new issue of shares, cf. (2) above may be effected without preferential subscription rights for existing shareholders provided always that the new shares are offered at market price or serve as consideration in connection with the Bank's acquisition of existing businesses or specific assets corresponding to the value of the shares issued.

In addition, the Supervisory Board shall be authorised at any time to make an increase, or increases, of the share capital of not more than DKK 50 million, the shares to be offered to the employees of Jyske Bank A/S and its subsidiaries. The authority shall expire on 1 March 2013. Any new issue of shares in accordance with this authorisation may be effected without preferential subscription rights for existing shareholders and offered at market price or at a lower price determined by the Supervisory Board, provided always that the price is not below 105, or through the issue of bonus shares.

Where new share capital is issued in accordance with Art. 4, the Supervisory Board shall determine the terms and conditions for the subscription including the time, subscription ratio, subscription price and time for right of dividend

for new shares. To these shares the same rules as apply to the other shares in respect of rights, redeemability and transferability shall apply.

5 - Authority, convertible loans

The Bank may, following resolution by the Supervisory Board, during the period specified in Art.4 above, on one or more occasions raise loans against bonds or other instruments of debt which bonds or instruments of debt shall entitle the lender to convert his claim into shares (convertible loans). Such loans shall not exceed the amount specified in Art. 4 above according to the conversion price fixed on the raising of such loans, and shall not exceed one half of the share capital at the time the resolution is passed.

Where the Supervisory Board decides to raise convertible loans, the authorisation to increase the share capital, cf. Art.4 (2) above, shall be considered to be utilised by an amount corresponding to the maximum conversion right.

The term allowed for conversion may be fixed at a period exceeding 5 years after the raising of the convertible loan.

The Bank's shareholders shall have a preferential subscription right to such convertible loans, provided always that the Supervisory Board does not decide that the issue shall be without subscription rights for existing shareholders in which case such convertible loans shall be offered at a subscription price and a conversion price to the effect that the right of conversion corresponds to the market price of the shares at the time the resolution was passed by the Supervisory Board.

The convertible bonds or other instruments of debt may by resolution of the Supervisory Board be issued without preferential subscription rights for existing shareholders as payment upon the Bank's acquiring existing businesses or specific assets corresponding to the value of the convertible bonds or other instruments of debt.

For shares which shall be issued on the basis of the convertible loans mentioned in this provision, the Supervisory Board shall decide - with due regard to the time of subscription or utilisation of the conversion right - the time from when such new shares shall carry a right to receive dividend and other terms and conditions of the share issue. The shares shall be subject to the same rules as apply to the existing shares in respect of rights and duties, including redeemability and transferability.
