Nexus has released a unique product with the latest technology for secure business communication on Linux

Nexus Messaging Solutions neonInsight offers e-mail, collaboration, mobility and Instant Messaging, all in one easy-to-install package.

neonInsight is the result of 25 years experience and offers the latest in standard-based access to e-mail, contacts, calendar, tasks and notes from a wide variety of clients and devices. With neonInsight Outlook Connector, neonInsight offers similar functionality to Outlook users as Microsoft Exchange.

- The demand has increased for a tool that offers everything you need for business communication, including Instant Messaging. With neonInsight we can now offer a suitable tool for everyone from the smallest companies to the largest service providers. There is nothing like this in the market today so that is why we are very excited about this release, said Jan Wallgren, Managing Director of Nexus Messaging Solutions.
