Quarterly report for the first quarter of 2008/09

On 27th August 2008 the Board of egetæpper a/s adopted the accounts for the first quarter of the accounting year 2008/09, viz. the period 1st May - 31st July 2008.

The result of the period before taxation presents a surplus of 17,6 DKK million against 20,3 DKK million last year.

Other results of the period:

- Group turnover increased by 3% compared to the same period last year and now amounts to 211 DKK million.
- Contribution margin fell by approx. 1%, mostly due to the falling £-value on our biggest export market England.
- Costs increased by approx. 2 DKK million, which is an increase of 4%.

The results meet our expectations for the first quarter.

As previously announced we expect for the present financial year a group turnover of 800-900 DKK million and a result before taxation of 50-60 DKK million. This is maintained in the light of the development experienced in the first quarter of the year.

Yours faithfully,

egetæpper a/s
