

Publication of preliminary reorganisation plan for Teligent AB

On 9 July, Teligent AB applied for a company reorganisation in accordance with the statutory regulation regarding company reorganisations. As a consequence of the reorganisation, two of our major projects have been cancelled by our customers.

A meeting with the creditors was held on Monday 4 August in Södertörn's District Court. The outcome of the meeting was that Södertörn's District Court approved the continuation of the reorganisation.

The preliminary reorganisation plan will be published on Teligent's website www.teligent.se Monday 4 August.

About Teligent

Teligent (TGNT, Stockholm Stock Exchange) is a global supplier of value added services to telecommunications carriers. The offering includes e.g. traditional and Next Generation Messaging and advanced IN solutions supporting data capabilities, such as Mobile Office/IP Centrex, Mobile Prepaid and Mass Calling. All solutions are based on the generic Teligent Application Server – a true single platform concept for convergent service development and conforming to the 3GPP IP Multimedia Subsystems (IMS). The company's solutions are currently utilised in various configurations by a large number of leading carriers worldwide, including BT, Deutsche Telekom, MTS, Maroc Telecom, SingTel, SMART, Telenor, TeliaSonera, Verizon and Vodafone.
